The Situation in Jordan

- Government movement restrictions due to COVID-19 pandemic has been lifted to some extent during June, 2020. While restrictions on gathering and social distancing still remain.
- Coronavirus Cases: 1,128 / Deaths: 9 / Recovered:867.
- Airports in Jordan are still closed for routine passenger flights.
- Jordan has launched a programme to use electronic bracelets to monitor returning students and ensure that suspected or confirmed coronavirus cases remain in self-isolation at home.
- The summer semester will be taught online at Jordanian universities.

DAAD Project 2020 – Progress

- The team had selected potential 3 students to participate in the project. However, they will be contacted again so if any of them graduated, then a new announcement on 5 July will be published for replacement.
- One scientific assistance has been selected out of two.
- We are planning to start virtual training sessions during mid of July 2020.

Project Ideas

- The role of media as an advocacy tool for refugees' needs during the COVID-19 crisis in Jordan.
- Outcomes for developing media curriculum for social work's students.
- International model for media in social work field (Comparison study).
